

The Ultimate Rust Remover

One of the most trusted product by industries and classic car enthusiast for rust treatments for over 38 years. FERTAN products have been bestselling rust removers, coatings and primers in Germany and several other European countries for several years now.

Automotive repairs and restoration no longer require deep scrubbing and sandblasting. With its simple application, FERTAN® Rust Converter pulverizes rust, converting surfaces into a blackened metal that's equal to a fresh paint base. FERTAN Rust Converter also leaves a protective zinc coating that prevents recurrent rusting for up to 6 months.

RECOMMENDED FOR: Long-term, protective rust treatment for maintenance interventions on previously painted, oxidized metal parts.

Water-based, non-toxic & nonflammable

Completely removes rust, does not mask it.

Can be applied by roller, sponge, or spray

Unlimited shelf life, even after opening

Reacts well on wet surfaces.

Easily washes off unintended surfaces with water.
