

Vielen Dank für Ihr Vertrauen zu unserem Produkt.

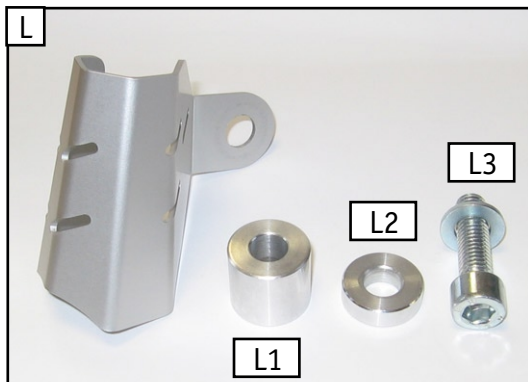

1.  Bei Fahrzeugen **mit** Sturzbügel: Entfernen Sie die vordere Befestigungsschraube mit der Hülse. Montieren Sie den Schutz mit den beiliegenden Hülsen und der Schraube des Sturzbügels (Bild LA/RA).
2. Bei Fahrzeugen **ohne** Sturzbügel: Montieren Sie den Schutz mit der beiliegenden Schraube, U- Scheibe und der Hülse „kurz“ am Motor (Bild LB + LC/RB + RC).

Thank you for purchasing our product.

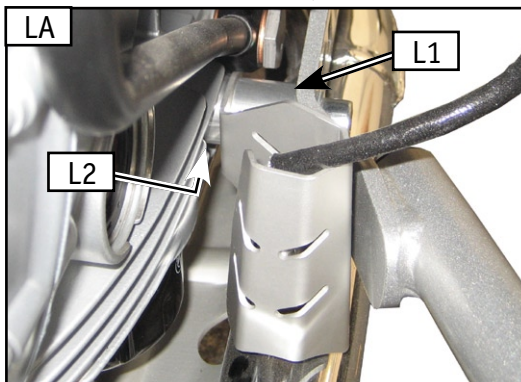

1.  For bikes **with** crash bars: Remove the bolt and long spacer of the front crashbar mount. Attach the sensor guard together with the crash bar using the original bolt, with the sensor "sandwiched" between the supplied long and short spacers (Image LA/RA).
- 2.) For bikes **without** crashbars attach the sensor guard to the bike using the supplied bolt and thin spacer (Images LB + LC/ RB + RC).

Grazie di aver acquistato un prodotto Wunderlich.

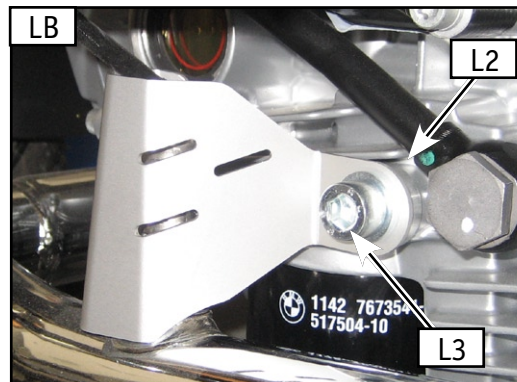

1.   Per modelli equipaggiati con paracilindri: Rimuovere il bullone ed il distanziale del supporto anteriore del paracilindro. Montare la protezione della sonda lambda insieme al paracilindro utilizzando dei distanziali corti e lunghi come illustrato in figura LA/RA.
2. Per modelli senza paracilindro: montare la protezione al veicolo utilizzando il bullone e distanziale in dotazione (figura LB+LC/RB +RC)
